

"Quantum": The Advanced Fuel that Fits your Green New Year's Resolution

IPT is one of the most prominent oil & gas companies that provide reliable products and services for homes, businesses, and vehicles. Its core business activity includes the import of high quality hydrocarbons: "Quantum" 98 & 95 gasoline, "IPT Diesel" diesel oil and related petroleum products. As we step in into 2018, we find ourselves committed to quality today, more than ever. This is why we are proud to offer you "Quantum", the New Advanced Fuel from IPT available at all IPT stations at no additional cost. "Quantum" transforms the regular gasoline into a superior fuel that meets the needs of the 21st century. The formula of "Quantum" is a mix between a high-quality gasoline and a cuttingedge additive developed by Total, a specialized company in this field. What differentiates "Quantum" from the regular gasoline is that it contributes to fuel economy, power & responsiveness, engine protection, and Less pollution...
