Quantum Superior Fuel

Offering the best quality fuel in Lebanon has always been important to us. This is why we launched in 2017 "Quantum" the advanced ecofriendly fuel from IPT. During this year, many positive feedbacks were received; as customers were able to Feel The Difference, in fuel consumption, distance, as well as power and performance, and less pollution. Compliant with the highest Lebanese and International standards, the success of Quantum in the Lebanese market was due to the need for a superior fuel product that meets the demands of the 21st century. Introducing the Newly Renovated IPT Station in Biakout- El Maten

At IPT, there is a lot of hard work going on behind the scenes to maintain a unified and distinguished image of our stations. One of our recent projects

Energy Sustainability

Full Power Benefits of Quantum

Quantum helps keep engine components like fuel injectors, intake valves and combustion chambers clean resulting in avoidance of emissions and fuel consumption drift and better vehicle power. It also can be stored for longer and guarantees no-harm. This is because of its superior formula and properties:

(1) Detergent properties, (2) Corrosion fighter, (3) Ashless, (4) De-Hazing function, (5) Halogen Free
