Safety First @ Our Stations

Stop Your Engine While Fueling

"STOP YOUR ENGINE" Sign:
it is very important to turn off your car's engine while pumping gas. Gasoline vapor that comes into contact with electrical wires while an engine is ON can trigger an explosion. [Read more](#)

The Litani River: How Badly Polluted Is it?

There are over 150 farms using Litani's polluted water to irrigate crops even though the Litani is no longer suitable for swimming or irrigation. The high levels of pollution are not only affecting the farmers and nearby residents and businesses but all of us as the Litani extends from the West Bekaa Valley all the way down to the southern districts of Nabatieh and Tyre. [Source](#)
Check out this [LBCI report](#) to see how pollution is affecting our lives and remember that some of these fruits and vegetables are ending up on our plates or in our dishes.
