Confused about what type of oil works best for your car?

To assist you in this, we bring to you IPT's "Elf Oil Chart", based on your car's brand and model.

Why Choose Elf Lubricants?

Elf, the oil born in Formula One, is a French product known for its innovation and expertise in the lubricants field thanks to its premium quality, high performance and its involvement in motor sports competitions. Elf meets the latest ACEA and API specifications and addresses environmental challenges. Compatible with all car types and driving conditions, Elf provides your car with a higher performance and engine protection. <u>Read more</u>

Safety First

Don't Smoke While Fueling!

Because "Your Safety is Important to Us", it is a priority for us to keep reminding you of the strict safety measures that we follow at IPT Stations to keep you, our staff, and our surroundings safe. Hereby, it's important that we explain the dangers you could encounter while refueling. <u>Read more</u>
