"Quantum" the Advanced Fuel, Exclusively at IPT Stations

**Quantum**  
*The Advanced Fuel from IPT*

**CLEANER | STRONGER | LONGER**  
**#FAWWEL\_TA2A**

Under the patronage of His Excellency the Minister of Information Mr. Melhem Riachy, IPT Energy Center (IPTEC) organized a press conference to launch "Quantum" the Advanced Fuel from IPT, as part of IBEF 2017. The conference took place on Monday, 18 September 2017 at Le Royal Hotel-Dbayeh, and it was convened in the presence of Lawyer Emile Geagea representing Minister Riachy, the Director General of Oil Mrs. Aurore Fegahli, LCEC General Director Eng. Pierre Khoury, and President of IPTEC Dr. Toni Issa. In his speech, Dr. Issa highlighted that the new 98 & 95 gasoline from IPT is a mix between a high quality gasoline and a cutting edge additive developed by Total. He explained that IPT's initiative to launch "Quantum" is an integral part of the study presented by the "National Campaign for Air Pollution Reduction in Lebanon Through Efficient Energy Use in Land Transportation" and carried out by IPTEC, since it upholds one of the key recommendations of this campaign that aims at improving the quality and specifications of fuel in Lebanon, and shifting towards the use of the cleaner fuels in the transport sector... ## Quantum Brochure

"Quantum" transforms the regular gasoline into a superior fuel that meets the needs of the 21st century. The formula of "Quantum" is a mix between a high-quality gasoline and a cutting-edge additive developed by Total, a specialized company in this field. This is what differentiates "Quantum" that contributes to: Fuel economy, Power & responsiveness, Engine protection, and Less pollution. "Quantum" also offers exceptional deposit clean up, better combustion, less noise, and an improved driving experience. "Quantum" has the performance level of World Wide Fuel Charter's (WWFC) highest categories and has undergone a series of tests conducted by specialized European laboratories on different car brands.
