Earth Day 2018: #EndPlasticPollution

"Earth Day 2018" theme is "End Plastic Pollution", and the campaign includes creating support for a global effort to eliminate primarily single-use plastics along with global regulation for the disposal of plastics. From poisoning and injuring marine life to the ubiquitous presence of plastics in our food to disrupting human hormones and causing major life-threatening diseases and early puberty, the exponential growth of plastics is creating serious global problems and threatening our planet's survival. Local Action Means Global Impact! Check [here](#) what can be done with plastic waste, to help reduce pollution.
