Sustainability

The Plastic Invasion: Let's Save the Ocean

By 2050 we may be having in our ocean more plastic than fish. Costa Rica wants to be the First Country to ban all single-use plastics by 2021. This includes straws, bottles, cutlery, cups and bags. The government is offering incentives to businesses, as well as investing to single-use plastics in order to achieve its goal. Every minute one garbage truck of plastic ends up in the oceans, wreaking havoc on marine wildlife. According to one estimate, 99% of seabirds will have ingested plastic by 2050, if current trends continue. [Watch](#) video to know more.
