Why use GoGas?

Discover GoGas' amazing range of benefits that will drive your business performance to new heights:

→ Save time and money

No more need for paperwork; bring an end to the need for cash. Go Gas is your one-card solution to managing fuel consumption for all your fleet from month to month with absolute ease.

→ Access real-time web tracking of your account 24/7

Keep track of all your expenditure and accounts with live web access 24/7 – 365 days a year through a secure password and firewall protected channel. *Enjoy peace of mind!*

Go Gas' smart card technology helps protect cards from fraudulent transactions.

→ Control your expenditure

Controlling how and when drivers use the GoGas card allows you to keep fuel expenditure within a pre-defined budget, empowering you to track and cut down on costs.

Transactions can be limited in terms of:

- A fixed monetary value per day, week or month
- The days and hours a card can be used
- The type(s) of fuel or product for which the card is valid
- The locations at which the card is valid
- The number or types of other services for which the card is valid
- Statistical customized reports and tailored detailed statements on all your cards

→ Streamline your expenses

Your GoGas invoices will detail each card user's transactions in full, enabling you to highlight areas where you can improve your fuel budget.

→ Keeps your business running smoothly

Go Gas gives drivers fast access to quality fuel at IPT's large network of stations, most of which are open 24 hours a day, seven days a week. After filling up and keying in their PIN, they're ready to get back on the road.

→ Track and improve performance

The Go Gas mileage tracking system lets you keep track of vehicle consumption rates, putting you one step ahead of vehicle maintenance issues or possible staff misuse of fuel.

Our custom reports for each card include:

- Station name and location
- Date of all transactions
- Quantity of fuel purchased
- Pricing details
- VAT amount
