IPT Grows Stronger with Expansion and a New Facility in the UAE

Dr. Toni Issa, CEO of IPT Energy Group, revealed that IPT is expanding by launching a new facility in the UAE. The facility will be specialized in the import, storage and distribution of oil and gas products and related services. Dr. Issa stated that the expansion project will reinforce the company's resilience in Lebanon in these difficult times.

IPT was established in Lebanon in the seventies by Mr. Michel Issa, Dr. Toni Issa's father. Through resilience, the company has survived many challenges and is still standing strong today. IPT is a success story that brings to the forefront more than 50 years of experience in the energy sector.

Supplying Diesel to Reduce Severe

Generators Rationing

IPT collaborated with Byblos Municipality, Amchit municipality and Electricité de Jbeil to build an action plan to reduce electric power rationing in the area and continuous power blackouts in the midst of the ongoing crisis. This plan aims at easing the conditions faced by the citizens in their homes and businesses due to electricity shortages.

Despite the company's challenges, IPT has provided the needed Diesel quantities to Jbeil Electricity Company and based on the official price to be able to reduce its generator's

IPT Continues to Deliver Fuel to Remote Areas Against All Odds

Delivering fuel to stations located in remote areas has become a real challenge. Our fuel tanks have been subjected to roadblocks and acts of piracy causing people in certain areas to suffer from lack of fuel.

Today, IPT was able to deliver fuel to its stations in Akkar inspite of the difficulties, while keeping pace with Internal Security Forces, to ensure the protection of the fuel tanks, and the safe arrival to their destination.

This step was welcomed by the people of Akkar, who were afflicted by the lack of fuel in their area for more than 3 months ago...[Read More](#)
