

IPT Launches “Jbeil Village Mayors Loyalty Card”

IPT in coordination with the Village Mayors Assembly of Jbeil organized a conference, to sign a memorandum of understanding and launch the “Jbeil Village Mayors Loyalty Card”. The conference was held on the 12th of April 2019 at Byblos Sur Mer hotel in Jbeil, in the presence of Dr. Toni Michel Issa, President of IPT Energy Center (IPTEC), Mr. Michel Gebran, President of the Village Mayors Assembly of Jbeil, Qamacam of Jbeil, ME Nathaly Merhi Khoury, in addition to Jbeil village mayors.

This unique card was launched as part of IPT’s CSR initiatives supporting social development and prosperity for all. Jbeil Village Mayors loyalty program aims to support the Mayors’ voluntary work in their villages by allowing them to collect funds which will be forwarded by IPT to Jbeil Village Mayors Assembly’s cooperative fund. EAA 2019: Register Your Project Now and Highlight Your Efforts

When it comes to a clean and green future every anticipation counts and every one should take responsibility.

The second edition of The Energy Awareness Awards is organized to highlight every project and every effort made by the private or public sectors and to encourage youth innovation, entrepreneurship and academia to play their role for a better and sustainable life. [Read more](#)

Climate Change

EAA theme 3: Mitigation of Climate Change

Climate change is one of the most complex issues facing us today. It involves many dimensions of which science, economics and society, politics, moral and ethical questions – and is a global problem, felt on local scales, that will be around for decades and centuries to come. Carbon dioxide, the heat-trapping greenhouse gas that has driven recent global

Energy Sustainability

How to Have an Eco-friendly Easter?

Use these natural green living Easter tips to reduce your carbon footprints and make your children happy on Easter morning. You can make your own Easter basket or up-cycle one from something you would ordinarily get rid of or throw into the recycle bin (papers, straws, egg cartons ...).

Also boil your eggs in water, vinegar, and natural dyes instead of petroleum-based ones. Red beets, black coffee, yellow turmeric, spinach, grape juice, and blueberries are all ingredients you may already have in your cupboard. [Read more](#)

warming, lingers in the atmosphere for hundreds of years, and the planet takes a while to respond to warming. So even if we stopped emitting all greenhouse gases today, global warming and climate change will continue to affect future generations. In this way, humanity is “committed” to some level of climate change. [Read more](#)
