### IPT Unveiling its "First Sustainable & Advanced Gas Station"

اللقاء السنوي الخامس  
لمالكي محطات أي بي تي  
"نحو الإستدامة"  
في محطات المحروقات  
27 أيلول 2018

Under the Patronage and in the presence of the Director General of OI, Mrs. Aurore Feghali, and as part of the 9th edition of the International Beirut Energy Forum (IBEF 2018), IPT is organizing its 5th "Annual Corporate Conference & Gathering" for the owners and managers of its stations from all over Lebanon on the 27th of September 2018 at Le Royal hotel in Dbayeh.

Under the theme of "Towards Sustainable Gas Stations", the gathering this year will be attended by Mrs. Feghali, in addition to the General Director and President of the Board of the Lebanese Center for Energy Conservation (LCEC), Mr. Pierre Khoury, IPT Chairman, Mr. Michel Issa, as well as IPT Board members and managers. The objective of this gathering, held specifically as part of IBEF 2018, is to engage stations owners again in IPT's Energy and Environmental Management Strategy. **During the conference, IPT will unveil its vision of the future sustainable, eco-friendly and advanced gas station, which will be concretized with a pilot station to be launched Soon for the first time in Lebanon.** [Read more](#)

### In The Media

#### CEO of IPT, Sharing His Insights on the Future of the Oil & Gas Sector in Lebanon

Dr. Toni Issa, CEO and Vice Chairman of IPT, was recently interviewed by *Al Bayan* magazine to discuss the outlook of the oil & gas sector in Lebanon. In his interview that was featured in the issue of September 2018, Dr. Issa highlights the CSR strategy of IPT that is rooted to the well-being of the community, by supporting and organizing CSR initiatives that are closely related to its business and daily operations in the oil and gas sector. Hereby Issa explains about the main role of IPT Energy Center (IPT-EC) that is actively striving to enhance knowledge on energy conservation and efficient energy use to reduce environmental pollution resulting from land

### Latest Tip

#### Safety Comes First @IPT Stations

*Based on the fact that safety is not optional at all IPT stations, we make sure to follow strict measures that ensure highest safety standards, to keep you, our staff, and our surroundings very well protected at all times.*

*Here are 3 main safety signs/tips you should keep in mind while at the gas station:*

- **"No Smoking"** sign: Gasoline is a highly flammable liquid that releases vapors which can trigger an ignition. Never ever smoke, light matches or use lighters around pumps or fuel

transport. Dr. Issa also points out to the expansion strategy of IPT, which succeeded to become a leader in the Lebanese market with more than 180 gas stations that provide top-of-the line products & services combining innovation, modernity, and safety. [Read more](#)

**IPT Prepaid Fuel Card: Convenience Within Your Reach!**

“IPT Prepaid Fuel Card” is a smart fuel payment card that makes it easy for you! It allows you to **control your fuel expenditure**, and helps you **save time** by avoiding the hassle of cash payment. Totally customizable to fit your needs, the card can be used for many services at most IPT Stations. Most importantly, It is **secured** with a PIN code, and can also be **rechargeable** upon your request.

*What else? It helps you get rewards!*  
 “IPT Prepaid Fuel Card” also enables you to accumulate loyalty points and redeem them with valuable prizes: IPT Prepaid Fuel Cards, Elf oil change, car wash, LaserWash, Grand Cinemas movie tickets, and much more. [Read more](#)

containers.  
 - **“Stop Your Engine” sign:** Turn off your car’s engine while pumping gas. Gasoline vapor that comes into contact with electrical wires while an engine is ON can trigger an explosion.  
 - **“Don’t Use your Cell phone” sign:** Why to expose yourself and others do danger just for the sake of a phone call while pumping gas? especially that there is evidence that cell phone usage next to gas pumps does pose explosion risks.
