IPT Customer Loyalty Rewards Program: Now in LBP

IPT increased your chances to win from its loyalty rewards program. To all our loyal customers, take the chance, use IPT cards and collect your points!

Because IPT has changed its loyalty points' currency to become in Lebanese Pounds; Now, one point is equal to 1000 LBP instead of 1\$!

Every 1000 LBP you spend at IPT stations entitles you to win free services from IPT. Our loyalty program is currently applicable to IPT's "**Prepaid Fuel Card**" and "**Self-service Rewards Card**". Moreover, if you are a loyal customer and you have already collected some points, they won't be affected. [Read more](#)

For Your Convenience

Are Fuel Prices Going to Rise in the Upcoming Days?

Gasoline is one of many products derived from crude oil at oil refineries. The price of gasoline is mainly determined by the price of the crude oil that is used to produce it.

Crude oil is a global commodity, and its price is determined on a global basis, depending on basic supply and demand principles.

There are other factors that affect fuel prices' variation, but in general, as the price for oil goes up, so will the price for gas at the pump. As the crude price goes down, the gasoline price will follow. [Read more](#)

Here For You

IPT Celebrates Mother's Day 2019

At IPT headquarters, gratefulness and joy reigned while celebrating Mother's Day at all departments. An atmosphere of happiness and joy prevailed, and IPT showed appreciation and thankfulness to mothers on their day. [Read more](#)

LOCAL GOVERNMENT

Think Global, Act Local and Get Rewarded!

Local Government has a big responsibility when it comes to protecting the environment and standing up to the climate change. In Lebanon, municipalities represent the local authority and play a leading role in environmental crisis.

So if you are a municipality or a union of municipalities that has carried out and implemented, fully, a program or project within its jurisdiction, which has reduced the overall energy use and greenhouse gas emissions of homes and/or institutions within the municipality, either through energy efficiency, renewable energy, sustainable transport, alternative fuels, ... then, it is your time to get recognized and rewarded!
