

### **IPT is Proud to Introduce the New IPT "Laklouk" Station**

Despite the exceptional circumstances our country is witnessing, we are proud that IPT is still expanding and is always here for you. Hereby, we announce the opening of IPT "Laklouk" Station, situated on the new Ehmej- Laklouk highway. Rising at an altitude of around 1700 meters above sea level, IPT "Laklouk" station is there to fuel your ride with premium products and services as Quantum 98&95, IPT Diesel, Elf lubricants, and carwash.

#### ***Can't wait for the first snow falls?***

Grab the opportunity; Seize the moment and enjoy the weather, and be sure that we know what it takes to serve you the best way. Check the weather forecast, and organize your journey ahead of time. [Read more](#)

## IPT Sustainable Station

### Nitrogen Tires Inflator at IPT Sustainable Station- Amchit

Air usually escapes through a tire's molecular structure as the rubber flexes and stretches while rolling.

By using the Nitrogen tires inflator available at IPT Sustainable Station, you will be protecting the environment and saving on maintenance cost. Also, inflating tires with N2 offers a better stability of pressure in the tires and stays longer inside which will actually optimize a car's fuel economy. Moreover, unlike air which contains water vapor, N2 does not increase the pressure in a tire as it heats up. This will reduce the rusting inside the wheel... [Read more](#)
