

Vice Chairman of IPT: Goal Leader for SDG 7

Dr. Toni Issa, Vice Chairman of IPT Group and IPTEC President, is selected by the UN Global Compact Network Lebanon (GCNL) as a Goal Leader for SDG 7 to promote clean and affordable energy. The reason behind selecting Dr. Issa is his success in leading responsible and sustainable business practices embedded in IPT daily operations. [Read more](#)

"I believe in ensuring Affordable, Reliable, and Efficient Energy while resorting to more energy resources to achieve the 2030 agenda", says Dr. Toni Issa, as part of the promise he made when he got selected as Goal Leader. He also revealed his commitment towards achieving SDG 7 for a better Lebanon. [Watch video](#)

Energy Sustainability

The Future Gas Station, in the Eyes of the New Generation

Who is excited for this year's drawing contest?

Aiming at raising awareness among the future generation of drivers in Lebanon on eco-friendly practices and sustainable technologies, IPT Energy Center (IPTEC) is proud to announce and launch a whole new theme as part of this year's schools drawing contest organized by Fabriano, under the title of "Imagine the Gas Station of the Future".

IPTEC-Fabriano partnership comes under the framework of IPTEC's Corporate Social Responsibility and as a continuity to the collaboration that started since 2014. This contest proves the students' interest and assertiveness in making a change to the world and gives them the chance to express their concerns through art. [Read more](#)

Stay tuned to [IPTEC Facebook](#) page.

IPT Diesel is the most premium Diesel in town; it is the ideal for water boilers, heaters, and electrical generators because of its unique and concentrated fuel technology. It helps engines run better without undermining their long-term performance.

IPT Diesel is European and eco-friendly. It improves fuel economy and reduces greenhouse gas emissions. The result? Less pollution and less odors around houses and buildings... [Read more](#)
