

### **IPT Pins a New Gas Station in Bhamdoun- Aley**

IPT continues to expand across the Lebanese territories to stay closer to you wherever you are.

Today, we are proud to announce the opening of IPT "Kheirallah" Station joining our network of stations in Aley district. Conveniently located on Bhamdoun highway, the new "Kheirallah" Station offers you premium products and services to fuel your ride.

Legend has it the name originated from two villages, "Hama" and "Dun", and was merged into one to become "Bhamdoun". Famous for its world-class wines, the town is worthwhile visiting. [Read more](#)

## Latte Art at IPT Stations

### We Look at Things From an Innovative Approach

At IPT, we aim for convenience and flavor all at once. Because we know that coffee is essential to your daily routine, we made Latte Art available at drive-thru kiosks on key IPT Stations: Halat, Amchit & Berbara highways as well as our coffee shop in Amchit. With Latte Art, you are sure to fall for the taste, from the unique latte and frappe flavors, down to the filtered coffee, smoothies and fresh juices. [Read more](#)

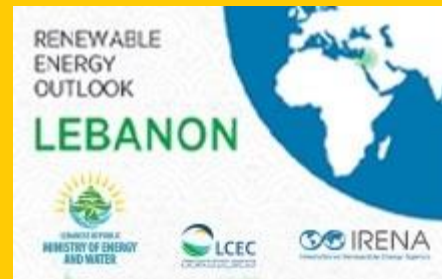

## Tips & Advices

### "The Renewable Energy Outlook" for Lebanon

July 6, 2020  
Source: LCEC and IRENA

The International Renewable Energy Agency (IRENA) has recently published the "Renewable Energy Outlook: Lebanon", combining IRENA's Renewables Readiness Assessment (RRA) and the REmap (Renewable Energy Mapping) methodologies. The report is a joint collaboration between the Ministry of Energy and Water and IRENA and aims at setting the path for Lebanon to reach 30% of its electricity consumption from renewables by 2030. [Read more](#)

- **Plan Ahead:** Light your stove only after you have kept all the ingredients within reach and ready **for cooking. Put off an idle flame right away.**

- **Use Pressure Cooking:** Pressure cooking is one of the fastest and most economical ways of cooking.

- **Use Optimum Quantity of Water:** Since water is extensively used in cooking... [Read more](#)
