IPT Ranked among the Top 35 Most Successful Businesses

IPT's Success Story was recognized by Forbes Middle East magazine, which organized for the first time in Lebanon the Forbes Middle East "Lebanon 100" gala event celebrated to recognize and applaud the achievements of Lebanon's top business leaders and its most influential people that are supporting the growth of the country's economy.

Dr. Toni Issa, CEO and Vice Chairman of IPT, was selected among Lebanon's Top 35 inspiring Lebanese business leaders that have shaped the country's business landscape, during this gala event that took place in the vibrant business hub of Beirut at Le Royal hotel in Dbayeh-Lebanon. Dr. Issa received an award in recognition of his achievements and the successes of IPT in this regard. [Read more](#)

Last Preparations to Friday's Mass Ceremony Organized to Inaugurate the Statue Of Our Lady Of the Seas

The preparations are nearing the end at Amchit seaport for tomorrow's celebration. Bishop Michel Aoun visited yesterday the site for a final check on the Statue Of Our Lady Of the Seas, in the presence of key regional figures mainly Amchit Mayor Dr. Antoine Issa, Father Charbel Abi Ezz, Amchit Fishermen Cooperation team, and MIF team headed by its president Dr. Toni Michel Issa.

Bishop Aoun was very satisfied with the results and confirmed that everything is ready for **tomorrow's mass at 7:00 pm**, which will occur **under the patronage and in the presence of his Beatitude the Patriarch Cardinal Mar Bechara Boutros Al Rahi**.

Invitation is open for public. [Full News- album](#)

IPTEC: Co-Sponsoring IBEF 2018

*For the 4th year in a row, IPT Energy Center (IPTEC) is supporting and participating in the International Beirut Energy Forum (IBEF 2018), the yearly forum discussing all topics related to renewable energy and energy efficiency. Under the title "**Digitalization in Sustainable Energy: Expanding the Investment Frontiers**", IBEF 2018 will take place on 26, 27, and 28 September 2018, at Le Royal Hotel- Dbayeh, and will tackle the evolving integration of digital technologies in sustainable energy, assessing how the digitization of the sustainable energy sector could transform the sector, practically leading to the expansion of the investment frontiers. It is expected to attract more than 1,500 key energy people from Lebanon, the Arab World, and the international community.*

IPTEC's participation comes in line with its scope of activities in the field of energy conservation and efficient energy use, the reduction of environmental pollution resulting from the use of energy sources, and the promotion of the use of clean, alternative and renewable energy solutions.
