Oil Climbs With Vaccine Optimism Lifting Broader Markets

Source: Bloomberg

Oil gained the most in a week amid signals a Covid-19 vaccine is highly effective against the coronavirus, boosting optimism that an uptick in demand may be nearing.

Futures climbed 3% and the Dow Jones Industrial Average briefly touched an intraday record after Moderna Inc. said its vaccine had 94.5% efficacy in a preliminary analysis of a large, late-stage clinical trial. That followed similar [Read more](#)
