Michel Issa Foundation (MIF)

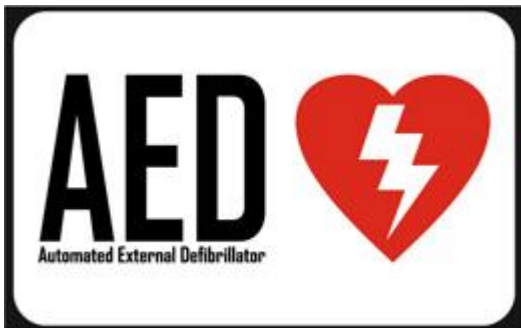

Our Lady Of the Seas Calming the Storm

No matter the highs of the waves and no matter how hard is the storm, Our Lady Of the Seas will stand still, keeping an eye on our dear Lebanon to protect it from falling apart in front of the delicate circumstances we are going through.

The 13 meters' height statue of Our Lady Of the Seas that rises on the dock of Amchit fishing port, was offered by Michel Issa Foundation (MIF) to the Fishermen Cooperation in Amchit and to all Amchit residents who visit the site to pray. [Read more](#)

Health & Safety

IPT Installs a Life Saving Machine at the Headquarters

Committed to preserving the safety of our employees and stakeholders, IPT is proud to announce the installation of the first Automated External Defibrillator (AED) in its headquarters, as a manifestation of its concern and care for the health and safety of its employees.

Energy Sustainability

Dr. Issa: A Diversified Fuel Offering is a Must in the Future

During his participation at the 2nd "Gas Stations Build Middle East" that was held in Abu Dhabi on 9 - 10 January, the CEO and Vice chairman of IPT Dr. Toni Issa insisted on the importance of adopting innovative solutions in the fields of technology and sustainability. Dr. Issa talked about the diversity in fuel offering as a future trend, by adding new product range including Biofuel, ethanol, LNG, Hydrogen Gas, and electric charging points. This session was held to discuss the future of gas stations in the light of the changes within the industry happening worldwide. [Read more](#)

An advertisement for IPT GAS. At the top, the text 'IPT GAS' is displayed in a yellow box with blue letters. Below this is a white gas cylinder with a tag that says 'MADE IN ITALY' and the IPT GAS logo. To the right of the cylinder are three blue boxes with white text and checkmarks: 'أمان' (Safety), 'جودة' (Quality), and 'توفير' (Savings). At the bottom, there is a blue bar with the phone number '76 455881' and the text 'إمدادات أنظمة غاز' (Gas System Supplies).

The Automated External Defibrillator (AED) is a portable electronic device from MedboX sal that automatically diagnoses the life-threatening cardiac arrhythmia that can lead to a sudden cardiac arrest, and is able to treat them through defibrillation... [Read more](#)
