KHALLINA 3A ITTISAL #33

Upon Customers' request, IPT is proud to announce the release of the 33rd issue of "Khallina 3a Ittisal" wrapping up recent achievements of IPT in the past 3 months, as well as the activities of IPT Energy Center (IPT-EC), and more.

In this June 2020 issue, you can read about IPT's success in overcoming the challenging period, applying the highest health and safety procedures for its customers and employees at its headquarters, stations, and terminals. It also features IPT "Hiring Lebanese" initiative's success in the renowned magazine "Le Commerce Du Levant" as part of their study on the new realities of unemployment in Lebanon. You will also learn more about IPT's "Energy Library", a specialized section covering the latest news and challenges related to energy, oil & gas in Lebanon and around the world. [Read more](#)

Safety First

Strict Safety Measures for IPT Trucks Fleet

Proactive safety measures is the key to ensure zero accidents. As a leading petroleum company in Lebanon aware of the high "health & safety" risks related to petroleum business, IPT makes sure that employees are operating in a safe and friendly environment, applying on a daily basis safety guidelines within all operations, ensuring a reliable supply chain procedure, from import, storage, transportation to the distribution for gas stations, homes and businesses. Beirut River Solar Snake: The Dawn of a Solar Market in Lebanon

Source: MoEW and LCEC
May 2020

The Beirut River Solar Snake (BRSS) project is the first grid-connected medium voltage (MV) solar photovoltaic (PV) system in the history of Lebanon. The dream of having a solar PV system on the top of the Beirut River bed emerged at the Lebanese Center for Energy Conservation (LCEC) back in 2012 based on a clear concept... [Read more](#)
