### Elf Lubricants: Optimum Engine Performance for All Vehicles

**CHOOSE THE OIL  
THAT FITS YOU BEST**

Your vehicle deserves premium quality lubricants.

Whether you are driving a car, a truck, a van, a bike or any other vehicle, IPT offers you Elf, the French lubricant that provides effective engine protection. Known as the oil born in "Formula One", Elf transfers the technology developed on the race track to the synthetic motor oils for your vehicle, with products specialized for all driving conditions and car types. [Read more](#)

\* Elf lubricants are available at IPT Stations.

## #IPT\_EmpoweringWomen

### Loose Brake Problem? Women Can Check It!

To all Lebanese women, because we love you and care for your safety, we created **#IPT\_EmpoweringWomen** a quick guide car maintenance tips just for you! If you notice a difference in the resistance in the brake pedal, it feels "softer", or sinks all the way to the floor mat when you press on it and when your brake light comes on, you may have a brake fluid leak. [Read more](#)

## Corporate Social Responsibility

### Results of the "IPTEC-Fabriano Drawing Contest 2019": Fruitful Ideas and Drawings!

Our future generation of drivers in Lebanon drew the gas station of the future as part of "IPTEC-Fabriano Drawing Contest 2019". Drawings were gathered from all participating schools, compiled and sorted out. Winners are selected; they will be handed their scholarships soon! Hereby, IPTEC is proud to confirm that students successfully explored the theme "Imagine the Gas Station of the Future", and showed high levels of enthusiasm and creativity by expressing themselves and their concerns in making a change to the world, through art.
