IPT Launches "Taxi Loyalty Card"

To all taxi drivers, IPT gladly announces the launching of Taxi loyalty program.

"Taxi Loyalty Card" from IPT is a user-friendly card that allows taxi drivers to collect points and exchange them with many services from our stations.

Swipe your card with every purchase at IPT Stations and earn 1 point for every LBP 1,000 spent. Redeem your points from IPT, with car wash and oil change services especially tailored for taxis. [Download the brochure](#) and [Read full news](#) to know more.

IPT Energy Center (IPTEC)

IPT Energy Center (IPTEC): Co-Sponsoring IBEF 2019

For the 5th year in a row, IPT Energy Center (IPTEC) is co-sponsoring and participating in the 10th International Beirut Energy Forum (IBEF 2019), the annual renewable energy and energy efficiency event in the region. Under the title "Future of Life in a Time of Planetary Change", IBEF 2019 is organized by MCE Group in strategic partnership with LCEC (the Lebanese Center for Energy Conservation), and supported by UNDP, The Ministry of Energy and Water, The European Union... Sustainable Station

Nitrogen Tires Inflator at IPT Sustainable Station

Air usually escapes through a tire's molecular structure as the rubber flexes and stretches while rolling. By using the Nitrogen tires inflator available at IPT Sustainable Station, you will be protecting the environment and saving on maintenance cost. Also, inflating tires with N2 offers a better stability of pressure in the tires and stays longer inside which will actually optimize a car's fuel economy. Moreover, unlike air which contains water vapor, N2 does not increase the pressure in a tire as it heats up. This will reduce the rusting inside the wheel or the valve stem, or the sensitive sensors used by cars equipped with pressure wheel monitoring. IPT's First Sustainable Station and the First-of-its-kind in Lebanon is located on Amchit highway, [Read more](#)

supplies not only industries and gas stations but also offices and homes. [Read more](#)
