### Our Latest IPT Station, Ready to Serve you in Brummana

*After the rain here shines the sun again! This weekend, what is better than a city escape and some fresh air in Brummana!*

Up in the mountains overlooking the mediterranean, we proudly announce the readiness of our New IPT "Al Ghabeh" station located in Brummana- Al Matn district, to fuel your car with the advanced and environmentally-friendly gasoline that is available exclusively at IPT Stations, **Quantum 98&95**. It also offers you the green **IPT Diesel** that keeps you warm all winter, in addition to **Elf lubricants** and car wash. Spacious in size, IPT "Al Ghabeh" station has tailored for you additional services including a convenience store and Online Money Transfer solutions... [Read more](#)

### Michel Issa Foundation (MIF)

### **MIF Lays the First Brick of "Berytech Amchit", the First Innovation Parks outside Greater Beirut**

Michel Issa Foundation for Local Development (MIF) and Berytech are organizing an event to lay the first brick of "Berytech Amchit", the first Innovation Parks outside Greater Beirut, that is due to open its doors in 2020. The expected event will take place on Saturday November 3 at 2:30 pm at the project site on Amchit Highway (near IPT Headquarter building) and will be attended by board members from MIF, Berytech, and Erga, in addition to Maronite bishop of Jbeil Michel Aoun, Professor Salim Daccache s.j. Rector of Saint Joseph University (USJ).

"Berytech Amchit" will be built on a 5000 m2 area located at Amchit-Jbeil highway. Being the first project of its kind in the area, this center aims to address the economic needs of the region, foster innovation and entrepreneurship,

### Energy Sustainability

### **"Transition Towards Sustainable Land Transport": Highlights on IPTEC Session @JBEF 2018**

IPTEC session during IBEF 2018 featured 2 case studies about IPT's achievements in the field of energy sustainability. One of the studies was presented by Eng. Wissam Mansour (Operations Manager at PAC/Harb Electric) and focused on the installation of Electric Vehicle chargers on IPT gas stations, highlighting the market development of Battery Electric Vehicles, and forecast, in Lebanon and worldwide, the most prominent types of EV charging, and technical requirements and specs, with a special focus on gas stations taking IPT as a role model. [Download presentation](#) and [Read more](#).

*Those EV Chargers will be soon*

to contribute to job creation and to bring high value and impact to the region. [Read more](#)
