### Michel Issa Foundation: Almost Ready to Welcome Our Lady of the Seas @Amchit

Michel Issa Foundation for Local Development (MIF) has collaborated with the Fishermen Cooperation in Amchit to place the Statue of Our Lady of the Seas on top of Amchit seaport to guide the sailors and fishermen back safely. Preparations are underway and the inauguration is expected to take place soon this summer. This initiative comes in line with MIF's contribution to local development as it motivates local sailors to remain in their hometowns and pursue their fishing profession being their main source of income, while also promoting traditions and culture in the area. ### Wind Farms in Lebanon: Challenges and Opportunities

Did you know that Lebanon signed its first-ever power purchase agreement (PPA) for wind energy with three separate consortiums that will build and operate wind farms in Akkar? The energy ministry's signing of the agreements represents Lebanon's first PPA with the private sector in electricity generation as part of efforts to close an estimated 1 gigawatt gap between current electrical supply and demand in the country. Combined the wind farms will have a total generation capacity of 180 megawatts. [Read more](#)

surrounding community. As part of its CSR program, IPT collaborated with Qolo Atiqo (AsSawt Al'Atiq) charity association to support Qolo Atiqo traditional Music & Arts school in building a new musical school in Jbeil. This collaboration consists of raising funds for the charity every time its members use their **IPT Prepaid Fuel Card** at IPT Stations. This was announced in the Qolo Atiqo Concert held for 2 consecutive days on the 6th and 7th of July in Soeurs des Saints Coeurs College (SSCC) Hboub in the presence of the Head of the association Rev. Fr. Miled Tarabay and IPT team. **Why IPT Prepaid Fuel Card?** [Read more](#)
