IPT Participates in the Gas Stations Build Conference - Abu Dhabi

IPT, represented by its CEO and Vice Chairman Dr. Toni Issa participated in the 2nd "Gas Stations Build Middle East" that was held in Abu Dhabi on 9 - 10 January. The conference discussed the future of gas stations in the light of the changes within the industry happening worldwide.

Players of the industry estimates that in 2040, around 30% of cars will be powered by electricity, and the transport sector will be relying more on natural gas, hydrogen, biodiesel, ethanol, and other environmentally friendly energy sources without the extinction of the usage of gasoline and diesel. IPT: Serving the Best in all Conditions

This winter, storms are hitting continuously and our days are getting even whiter! There is nothing to worry about when you decide either to go on a snow trip or simply head to work, because IPT stations all over Lebanon are always

Energy Sustainability

IPTEC-Fabriano Drawing Contest 2019: Imagine the Gas Station of the Future!

Based on our Corporate Social responsibility, IPT Energy Center (IPTEC) launched with **Fabriano** the drawing competition 2019 under the title of "Imagine the Gas Station of the Future" aiming to raise awareness among the future generation of drivers in Lebanon on eco-friendly practices and sustainable technologies. This contest proves the students' interest and assertiveness in making a change to the world and gives them the chance to express their concerns through art. If you are a student and you have a better imagination for the future, be a part of the required change! [Read more](#)

ready to provide you with all the services you need despite all weather conditions. [Read more](#)
