Energy Sustainability

How to save energy during the hot days?

In the hot summer days, we have got you covered with these few tips:

- 1- Spend more time outside of your home:** Go have a picnic in the breathtaking mountains of Lebanon, swim in community pools or visit a beach, or just exercise. Spend less time in your house and more time in nature.
- 2- Keep the hot sun out of your home:** When leaving your home, or in times of the day when the sun is at its hottest, pull your window treatments closed to block out warm rays.
- 3- Use a ceiling fan:** it moves air around and gives your air conditioning a break... [Read more](#)
