

### **IPT e-Voucher: Contactless Payment Solution for Companies**

The advertisement is set against a background of a gas station with a yellow and blue canopy. In the top left corner, there is a QR code with the text "SCAN FOR MORE" below it. A hand in the foreground holds a smartphone displaying an "IPT E-VOUCHER" for 10,000 LBP. The phone screen also shows the number "5248975230" and the text "E-VOUCHER" and "IPT". To the right of the phone, the text "IPT E-VOUCHER" is written in large, bold letters, followed by "ELECTRONIC VOUCHERS FOR CORPORATE &amp; INDIVIDUALS". Below this, there is a button that says "Click for more details". At the bottom right, the phone number "78 822 822" is displayed next to a telephone icon, and the email address "ccf@iptgroup.com.lb" is shown next to an email icon. In the background, there are images of a white van and a white truck.

Control your company's fuel expenses by choosing a safe high-tech payment solution: "IPT e-Voucher". These prepaid electronic vouchers allow your salesforce and drivers to fuel their fleet based on preset amounts managed and settled by your company.

"IPT e-Vouchers" are contactless, they can be simply carried on phones. e-Vouchers are easy to share and easy to use:

- \*\* Share via email / whatsapp / sms
- \*\* Use by showing the e-Voucher picture or code on the phone

**IPT e-Vouchers** are "single-use" and can include any desired amount in LBP (ex: 10,000 LBP, 20,000 LBP, etc...). They are not limited to gasoline; clients can choose a different product or to diversify the vouchers requested based on their needs. [Read more](#)

### UAE Escalates OPEC Dispute as Tensions on Output Quotas Grow

Source: Bloomberg

*The United Arab Emirates ratcheted up tension with oil allies in OPEC+, with officials privately questioning the benefits of being in the producers' alliance and even considering whether to leave it.*

*The UAE has not said publicly it's debating its membership, let alone planning to exit. And officials briefed the media under condition they would not be named, allowing room for maneuver if.* [Read more](#)
